

broken bread

May I be broken bread
May I be poured out wine
May I incarnate
Your Kindness Lord

Your will done your way

Spend my life Jesus
Anyway you please
Whether on great things
Or what seems small

Your will done your way

I will not fight You
Take me past the line
that my heart draws
I will not fight You
Take me beyond the
laziness of my thoughts
I will not fight You
Lead me further than
I've gone before
I will not fight You
I'm abandoned to Your call

Do not let there be
Any part of me
That's untouchable
Unreachable

Let my delight be
Living out your dreams
Washing dirty feet
And kissing yours

Your will done your way

I will not fight You
Take me past the line
that my heart draws
I will not fight You
Take me beyond the
laziness of my thoughts
I will not fight You
Lead me further than
I've gone before
I will not fight You
I'm abandoned to Your call

God let Your dreams
come true, God let Your
dreams come true
through us, Dream
through us, Your Kingdom
come, Your will done
